

Presents the 7th Annual

# CHART CHAMP

September 22, 2022  
Fenway Park – Boston, MA

Chart Champ is an annual event that brings together the data analytics community. The centerpiece of the event is the Tableau Dashboard competition, and where the event gets its name. The winner, as selected by our panel of judges, is crowned that year's Chart Champ.

Over the years, Chart Champ has grown into more than a data visualization event. Attendees participate in technology presentations and workshops spanning the full spectrum of end-to-end analytics. Whether you're an analyst building amazing visualizations, or a data engineer doing ELT/ETL and cloud warehousing, Chart Champ has something for you.

## Event Features

- **500** Distinguished Attendees
- **6** Technology Presentations
- **5** Finalist Dashboard Demonstrations
- **1 Chart Champ** Winner taking home \$1,000 Amazon Gift Card (*and eternal glory*).
